Objective

Motivated and technically adept computer science undergraduate with a strong foundation in Object-Oriented Programming, Computer-Aided Design (AutoCAD), and proficiency in multiple high-level programming languages. Currently seeking an internship or co-op position to apply skills in a practical setting, driving innovation, and contributing to a dynamic organization.

Education

University of Wisconsin Milwaukee
Bachelor of Science: Information Science and Technology, expected December 2024
University of Wisconsin Milwaukee at Waukesha
Associate's Degree: Associates Of Arts and Science, earned December 2022

Academic Projects

Regional STEM Forward's Rube Goldberg Machine Contest (2016)
- Successfully participated in the Regional STEM Forward's Rube Goldberg Machine Contest, showcasing creativity and problem-solving skills.
- Collaborated with a team to design and implement a complex machine, demonstrating proficiency in engineering principles and teamwork.
- Acquired hands-on experience in applying theoretical knowledge to practical challenges, fostering a deeper understanding of STEM concepts.
-

Work Experience

Marcus Majestic Cinema of Brookfield, Waukesha, WI
Cook I, July 2021 - Present
- Utilized extensive knowledge of food equipment and preparation to ensure the highest quality standards.
- Executed and maintained a high level of food production and presentation.
- Operated efficiently and effectively preparing for and serving large groups of people in banquets and events

Theater Associate, March 2021 - July 2021
- Implemented effective communication techniques to provide friendly and highly efficient customer service, ensuring a positive experience for patrons.
- Operated efficiently in a high-volume, fast-paced, and team-focused environment.
- Spearheaded initiatives to streamline customer interactions, contributing to overall service efficiency.

Technical Skills

- Object Oriented Programming
- Computer Aided Design/AutoCAD
- Programing Languages: C, C#, C++, Java
- Integrated Development Environments (IDE): Visual Studio, Eclipse, IntelliJ IDEA
- Spreadsheet Software: Microsoft Excel and Google Sheets
